WHOWEARE

Justice Rapid Response (JRR) is the only global facility that provides rapidly deployable specialized justice experts to assist with investigations of reported war crimes, genocide, crimes against humanity, and serious human rights violations.

Our belief is that timely, impartial, and professional investigations are crucial for the credibility of any accountability process. Accountability strengthens institutions and enhances public confidence in the rule

of law. When impunity for mass atrocities ends, we can bring justice and dignity to victims and survivors.

JRR provides criminal justice experts to investigate crimes of the world's most violent conflicts including Central African Republic, Myanmar, South Sudan, Syria, Yemen and others.

Through these activities, JRR promotes peaceful and inclusive societies, as well as access to justice, in line with Sustainable Development Goal 16.

OURIMPACT

JRR contributed experts to several landmark cases, including the conviction of former President of Chad Hissène Habré at the Extraordinary African Chambers, the conviction of Congolese rebel leader Bosco Ntaganda at the International Criminal Court and to the documentation of extensive sexual and gender-based violence (SGBV) in Myanmar.

JRR's victim-centred approach enables survivors to participate in justice processes and to define what justice means for their communities.

JRR helped to raise the investigation standard for SGBV crimes. Today, every UN Commission of Inquiry has an SGBV investigator on its investigation team.

WHATWE OFFER

Justice Rapid Response responds to requests from international organizations, States and civil society organizations **to assist in the investigation, analysis and documentation** of serious human rights violations and international crimes wherever they occur.
